Arizona a Coming State.

We are in receipt from our friend, E. V. Curnutt, of Globe, Arizona, of a copy of the Daily Arizona Silver Belt, published in that city, which is a credit to that city. But you can expect nothing less from a state where the U. the rose by means of vast irrigation projects. Some years ago, probably ten or more, J. M. Curnutt, of Globe, Arizona, wrote some discriptive articles of that state and also recounted a hunting trip in the mountains near the Salt River. That was before irriga-tion was thought of in that section, but now the waters of Salt river are being utilized to water the desert. In the current numbers of American Industries there are some interesting illustrations showing the results of irrigation, among them a view of the Salt River power canal. The great dam at Roosevelt is the most important irrigation project in the state.

Rev. J. H. Hopper, of Jasper, preached at the school house Sunday night to a large congregation. His sermon was thoroughly interesting, especially the latter part, where he spoke very pointedly about second-hand swearing and retailing nasty stories. A little more work along this line by the ministers of the country would do lots to make men better, and sermons should be preached on issues of that kind rather than vague discriminations.

CAPT. JO A. TAYLOR

Prominent Citizen of Shelbyville and Ex-Confederate Dies.

SHELBYVILLE, Tenn., May 2.— Captain Jo A. Taylor, one of Shelbyville's most prominent and popular citizens, died at his home here yesterday forenoon, aged 70 years. Capt. Taylor was a native of this county, and his home bad always been in or near Shelbyville, where, for years past, be was engaged in the lumber business. He commanded a company in the confederate army during the civil war and his courage and coolness in battle often elicited the highest praise from his superior officers. For a great many years he had been an earnest, consistent member of the Primitive Baptist church, and was always ready to give a reason for his faith. He was also a remarkably well informed man and read and thought much. While in politics he was an earnest-working-democrat. He was widely known throughout the state and had many friends in Chattanooga and other points than this. The interment oc-curred today under the auspices of the Frierson Confederate Camp, at this

Capt. Taylor was a brother-in-law of M. Burnett and A. Burnett, of this place, having married their youngest sister, Kittie, who died at Shelbyville, in 1904.

Sequachee 17, Copenhagen 7.

The initial base ball game of the season here resulted in a victory for the home nine, 17 to 7. The mighty wielders of the willow from Copenhagen were the opponents, and played a warm game. As sluggers they were No. 1, clouting the leather hard, but fine fielding by the locals held them down at critical times. Sequachee also had on their batting clothes, and the spheroid was kept busy traveling. Bryant was the worst sinner in this respect, getting in two home runs, and making five runs out of five chances at bat. Houts was another slugger, hit-ting for four runs out of five chances. These two men headed Sequachee's batting list, and were followed by others who punched the ball for sacrifice hits at necessary times. Davis and Rogers were the battery for Sequachee, and did fine work. Davis is a heady pitcher, and his work was first-class. Rogers caught finely. Tate, Shirley, Lasater, and DeSabla did good work, and were in the game all the time. Hill played at the initial sack. Houts made a splendid catch in left field. running from center to pull down a ball that was sailing over the left fielder. Lasater also made a nice catch in center and it was his first match game,

Copenhagen also made several fine plays, and it didn't pay to knock the ball too close to any of them. They had a pitcher who wound up like a clock, preparatory to delivery, that was a sight to behold, and he had speed to burn.

It was a good old-fashioned slugging game with the horsehide kept busy all the time, shooting like a rocket.

Ben Boone umpired a fine game, and there was no kicking at his decisions.
